

Provider Enrollment Facts Sheet

Benefits of Enrollment:

- Increased patient base due to exposure in payer networks.
- Access to Payer websites means real time patient eligibility, claim status, authorization status and more.
- In-network reimbursement rates are generally higher for participating providers.
- Reduced out-of-pocket cost for patients since providers are paid at higher rates.
- We focus on the paperwork to give you time to focus on patient care.

Fee Structure:

- Services are provided as a subscription. There is a 12-month minimum.
- Fees are pro-rated monthly as providers come and go.
- One-time fee to get new providers enrolled in the insurance plans.
- One-time fee to establish a new group or change in tax identification number.
- Dedicated specialist to handle all your enrollment needs.
- Dual contract discount (facilities/groups using MPR for both Centralized Verification and Provider Enrollment services) may apply for providers requiring enrollment into 4 or more insurance plans.
