

# Primary Source Verification Services Facts Sheet

## Who We Work With:

- Ambulatory Surgery Centers
- Critical Access Hospitals
- Federally Qualified Health Centers
- Acute Care Hospitals
- Long Term Health Care and Retirement Facilities
- Networks
- Academic Organizations

## Benefits:

- Cost-efficient, primary source verification services performed by credentialing industry-leading experts.
- Reduced processing time for primary source verification.

## Verification Services We Provide:

- 5-year depth of primary source verification at Initial Appointment.
- Customized initial and reappointments, based on facility accreditation requirements and needs.
- Continuous updating of licensure, DEA, board certification, and liability insurance upon expiration as well as continuous query of the National Provider Data Bank and routine sanction monitoring.
- All files meet the accreditation and licensing of TJC, DNV, ACHC, CMS, AAAHC and COCA.

## Fee Structure:

- 12-month minimum agreement.
- Fees are per file with an annual participation fee.
- One-time contract initiation fee to build providers in our database.
- Some pass through charges may apply.
